

CUC-FABLAB

Fresh Paint Workshop

Fresh Paint is a 2 day long workshop (8 hrs on Saturday and 6 hrs on Sunday). We will build a 6'x4' board (for the CuC Fab Lab) and smaller boards 6"x4" (one for each group of participant). These boards will have magnetic and conductive paint and you can use different color LEDs to bring them to life.

We are bringing an artist from Chicago, Will McShane, who has done several Fresh Paint boards and will teach us how to create them.
