## **ONE SUMMER DAY GROCERY CART WALK**

- ◆ What if you had to carry around everything you own with you each day?
- ◆ What if you had no idea where you were going to sleep tonight?
- ◆ What if even your last bit of hope was gone?

You can make a difference in someone's life. You can help us help them on the road to change, on their journey of hope and healing.

Get your family together and join us for the **C-U at Home One Summer Day, Taking Steps to Fight Homelessness**. It's **Saturday, June 28, from 9-11am** at Hessel Park. The first 25 people to check in will be given a **grocery cart** to push as they walk. Others are encouraged to bring strollers, bicycles, or wagons to join in the walk. Pets on a leash are welcome to walk along with us.

This year our goal for One Summer Day is to raise at least **\$20,000 to support The Phoenix, our new Daytime Drop-In Center** for the homeless. This is our next big step in offering the most vulnerable homeless residents the support they most need: access to computers, a phone, an address, a safe, dry place to be where they will not be judged, a listening ear, counseling and case management.

Both **individuals and groups** are encouraged to register to join in the walk. Co-workers, churches, families, and clubs can join together to take steps against homelessness and get a bit of exercise, all while raising awareness at One Summer Day. We will also be collecting four different donated items that will be divided between several **participating agencies** that help the homeless.

**Socks : Deodorant : Razors : Laundry Detergent**

Each agency will have a representative and their information at the event to raise awareness of the services available for our area homeless. Online registration and additional information can be found at: **www.cuathome.us**.
