Women Speak Reception

**AT THE UNIVERSITY OF ILLINOIS
WOMEN'S RESOURCES CENTER**

The "Women Speak" Reception with Monica Daye is a open forum for women and men in the Champaign-Urbana community and University of Illinois campus to come together to discuss the history of domestic violence awareness organizing in this area, feminist activism, and issues affecting women. We know you to be someone who has either put energy toward this cause or is committed to issues of peace and justice and we invite you to share your unique knowledge on the subject in dialogue with our community.

Monica Daye is a DV survivor and spoken word poet, as well as, the featured speaker for our Domestic Violence Awareness Month Community Speak-Out later that evening, which we hope you will also attend. (*Flyer is included!)
