

Haymarket Books is a nonprofit, progressive book distributor and publisher. We take inspiration and courage from our namesakes, the Haymarket Martyrs, who gave their lives fighting for a better world.

Their 1886 struggle for the eight-hour day, which gave us May Day, the international workers' holiday, reminds workers around the world that ordinary people can organize and struggle for their own liberation. These struggles continue today across the globe—struggles against oppression, exploitation, hunger, and poverty.

Now Haymarket is at a critical juncture—as are the left and progressive social movements in the United States more generally. On our own, Haymarket is too small to give our books the exposure they deserve. We will continue to work toward getting our books into neighborhood bookstores, as well as in the major chain stores, and to host world-class author tours and events. In order to accomplish all this, we need your financial support.

Please consider making a contribution. Haymarket is quite literally depending on you. Please be as generous as you can.
