

# CONSTRUCT

# YOUR

Join Patch Adams MD and the School for Designing a Society for 4 weeks of classes, exercises, community living, clowning – centered around your creating an Action Plan to support and protect your humanism.

# HUMANISM!

**July 1-29, Urbana Illinois**

Compassion and empathy are often thwarted by the systems we live in.

With help from presenters, we'll learn strategies for protecting our humanism, including clowning

in several local institutions as a way to 'bring love close.'

For all people from the caring professions--medicine, education, governance, ecology, arts, parenting, small/non-profit business.
