## Call the Sheriff

**217-384-1205**

The Sheriff has the power to prevent all evictions, simply by telling his deputies to not carry any evictions out. Every time someone in Champaign County gets evicted, it's the Sheriff's fault.

Call him and demand that he order his deputies to not carry out a single eviction.

## Call the Circuit Court

Local eviction cases are heard by the Sixth Judicial Circuit Court of Illinois. Please call **Chief Justice Rosenbaum** and **Associate Judge Olmstead** to demand that they refuse to process eviction cases.

## Talk to your neighbors!

Remember, you're not alone. Almost 15% of all rental households in the county are at risk of eviction. Talk to your neighbors and spread the word that if we stand together and organize, we can fight back against evictions.
